E-15/6, T.S.P. residencial colony, North Potenga, Chittagong, Bangladesh

PROFESSIONAL SUMMARY

I am a Junior web developer, want to explore web technologies. I'm familiar with JavaScript and React framework as front-end; as well as NodeJS and MongoDB as back-end technologies.

Aim to learn VueJS and Angular JavaScript framework as well. Using Firebase as cloud server, but want to explore AWS and Digital ocean in next. Finally want to a Senior web expert.
